

**QUIZED** — Houston, Tex., detectives quiz three of four teen-age youths involved in the gang-land-style slaying of Jay Evans, 15, in the driveway of his West University Place home. Police say Coe, 18, next to Lumpkin, and Jimmy Pierce, 17. — NEA Telephoto.

**TEEN TRAGEDY** — An argument over telephone bills was blamed by John Jessup, 17, for the fatal shooting of his mother, Gladys, 35. Jessup walked into a Brooklyn, N. Y., station house and told police he had killed his mother with a rifle. — NEA Telephoto

## Survey Shows New Industry Has Moved to Practically Every Area of State in 1957

By THE ASSOCIATED PRESS

Arkansas chalked up another banner year for its industrialization program by gaining 10,203 new jobs and an annual payroll boost of more than 30 million dollars in 1957.

Last year the state also topped the 10,000 mark for new industrial jobs, and exceeded the 30 million dollar payroll figure.

The total annual industrial payroll jumped to 220 million dollars in 1957, a 15 million dollar increase over last year. This was due to an employment dorp of 10,000 in lumber and wood products during the 12-month period.

During an interim report issued at Little Rock yesterday, the Arkansas Industrial Development Commission noted that for the second straight year, Arkansas' industrial payroll increase was better than 150 percent above any of the three years before 1955.

The AIDC was set up in July, 1955, to speed industrialization. Since the commission went into action, 318 new industries have been established, a total of 20,140 new jobs.

AIDC Chairman Winthrop Rockefeller praised the people of Arkansas for the strides being made. He said the 1957 advance was due to their support of the commission, their local Chambers of Commerce, banks, utilities, trucking industries and railroads, plus the co-operation of the State Chamber of Commerce.

The report pointed out that Arkansas achieved its 1957 gains despite a national tendency toward slump in capital expenditures by manufacturing industries.

Another example of the state's advance was a statement that average weekly earnings of Arkansas industrial workers climbed from \$54.22 in 1954 to \$62.86 in 1957.

Rockefeller said three times as many nationally established firms moved to Arkansas in 1957 as in 1956. He said the new industries in 1957 were more

## Says Science Looks Ahead in Space Program

WASHINGTON (AP)—Dr. John P. Hagen has indicated that U.S. scientists, working to get an earth satellite aloft, already are looking ahead to a more advanced space program.

Hagen, director of the Navy-supervised Project Vanguard, said yesterday, "We are planning to improve our satellite program after Vanguard." He added that what is done in this connection will hinge on the extent of support given by Congress and the Defense Department.

The Vanguard project was planned to function during the International Geophysical Year, a worldwide cooperative scientific research effort that began last July and ends one year from now.

The United States failed Dec. 6 in its first attempt to launch a small test satellite. The Russians have fired two satellites into orbit since early October.

Hagen, appearing on a television interview program said another effort to launch a Vanguard test sphere will be made "in not too long a time."

The failure earlier this month has not altered the goal of launching a fully instrumented satellite next March, he said.

## Eight Persons Die on State Highways

By THE ASSOCIATED PRESS

Eight persons were killed on Arkansas highways during the 5-day Christmas holiday period — one short of the number predicted by State Police.

Twenty-one persons died violently in the state in the 7-day period which ended at midnight Sunday.

The gun was almost as deadly as the automobile during Christmas week. Seven persons died from gunshot wounds.

Five of the highway victims were killed in the first 24 hours of the holiday period which began Tuesday evening, another died Friday and two others were killed in accidents yesterday.

Forty-four-year-old Alexander Pridgen was killed four miles east of Prescott yesterday when he lost control of his car.

Twenty-two-year-old Woody Carlton of Coal Hill was killed yesterday in a car-truck collision near Hartman, in Johnson County.

The five highway accidents during the first hours of the Christmas traffic rush caused State Police Safety Director Jack Rhea to comment that he might have to revise his prediction that nine persons would be killed. However, the death pace slackened later in the week.

Besides shootings and highway deaths, six other persons died violently.

Two persons died of stab wounds, a youth fell from a hayloft, an elderly man was struck and killed by a train, another accidentally hanged himself while trying to repair a garage door and a 2-year-old child tumbled head first into a water container and drowned.

Cravins said Berry Collins, 72, surrendered at the Franklin County jail shortly after Don Bearden, about 60, was shot to death at the home of Harry Adams. Coroners Dugan Rainwater said Bearden killed by two bullets from a .22 caliber automatic pistol.

The deputy prosecutor declined to discuss the case further but said charges probably would be filed.

## Transit Workers in New York Plan Another Strike

NEW YORK (AP)—The Transport Workers Union went ahead with plans today for a vast strike at midnight tomorrow that would paralyze New York City's entire bus and subway systems.

At an overflow meeting yesterday, an estimated 5,000 shouting members of the union roared unanimous approval of the walk-out and barred any delay unless an acceptable wage agreement is reached before the deadline.

A strike by the TWU would virtually turn the city's 228 miles of subway tubes into ghost tunnels as well as stopping operation of all city-operated bus lines, eight private bus companies and another private bus line in suburban Westchester County.

The strike vote yesterday followed failure of negotiations between the autonomous Transit Authority and the TWU in an effort to replace their contract which expires at midnight tomorrow.

The union demands a 65-cent hourly increase in a one-year pact. The TA offered 81 cents an hour over a two-year period.

Present subway wages range from \$1.70 an hour for porters to \$2.37 for power maintainers.

Negotiations resume late today in the office of City Labor Commissioner Harold A. Felix with settlement of the subway contract dispute serving as the key issue.

The outcome of the subway pay talks may determine the wage pattern for 8,200 TWU members employed on the private bus lines, which are negotiating independently.

Michael Quill, president of the TWU, and other members of the union's executive committee also face summonses in State Supreme Court to show cause why the union should not be enjoined from striking.

Quill has announced he will flout any anti-strike injunction and go to jail if necessary.

The fiery 52-year-old unionist told his wildly cheering cohorts yesterday: "If we have to go to jail, we will go to jail."

## U. S. Prisons Show Increase of Offenders

WASHINGTON (AP)—Federal prisons now hold 20,900 offenders, an increase of 500 during the year, the Bureau of Prisons reported today.

Director James V. Bennett said the federal prison system his bureau operates had no major disorders and relatively few escapes during the year. He gave no figures on the escapes in a report prepared for Atty. Gen. Rogers.

In another year-end report to Rogers, FBI Director J. Edgar Hoover said major crime throughout the nation increased 7 1/2 percent this year over that for 1956.

He said preliminary figures gathered from state and local police listed 2,750,150 major crimes, with increases in all major categories except murder. The figure set a new record.

Bennett noted that among persons sent to federal prisons in the fiscal year which ended June 30, 1957, there were 5,300 under 25 years of age. He said those in that age group made up a third of the total prisoner population at the end of 1957.

Included among the new prisoners in the fiscal year were 3,160 under age 21.

## Mrs. Crain, 102, Dies Saturday at Little Rock

Mrs. Henrietta Crain, 102, died Saturday in Little Rock. She formerly lived in Hempstead and Nevada Counties.

Survivors include two daughters, Mrs. Ollie Smith of Calico Rock and Mrs. Hattie Price of California.

Funeral services were held at 10:30 a. m. Monday at Corinth Baptist Church in Nevada County by the Rev. Wayne Turner and Dr. John McClanahan. Burial at Herndon-Cornelius was in Corinth Cemetery.

## Opera Star Weds Army Officer

NEW ROCHELLE, N. Y. (AP)—Metropolitan Opera soprano Eleanor Steber and Maj. Gordon C. Andrews, an Army instructor, were married yesterday at the Ft. Slocum chapel.

Theodore V. Koepke, an Army chaplain and Lutheran minister, performed the ceremony.

The couple, both previously married and divorced, met early this year in Saigon, Vietnam. Miss Steber, 41, was on a concert tour and Andrews was stationed there.

## Amateurs Shoot Rocket Out of Sight

DECATUR, Ala. (AP)—Four Decatur youths who hope to become rocket engineers demonstrated their talents by firing a three-foot rocket out of sight into the sky.

They estimated the eight-pound missile reached a height of 4,800 feet.

The amateur rocketeers are Bobby Clemmons, 18, and Mike Clemmons, 17, cousins; Allen Johns, 19, and Ray Mitchell, 20, Mitchell works and the others are in school.

The rocket was fired in an open field four miles south of Decatur.

## \$74 Billion Budget Likely to Get Okay

WASHINGTON (AP)—The Eisenhower administration's first post-Sputnik budget may total nearly \$74 billion dollars—a new peacetime record.

And Congress, alarmed by recent signs of Russian strides in missiles, satellites and space science, is expected to give a friendly reception to at least the military part of the budget request for the fiscal year starting next June 30.

Defense items probably will account for about 40 billion dollars of the new budget total, an increase of more than a billion dollars over the current spending rate.

Whatever budget cutting Congress may undertake may be aimed at requests for civilian programs. Present indications are that these requests may be held at previous levels, but not reduced appreciably.

President Eisenhower will send Congress his fiscal 1958 budget early next month. Congress reconvenes a week from tomorrow.

An official who has been in on final budget preparations said yesterday that over-all government spending next year "apparently will be somewhere between \$73 and \$74 billion dollars, but close to the high figure."

## Would Abolish SBA Which 'Gives Nothing'

DALLAS (AP)—Rep. Wright Patman (D-Tex.) said today he will introduce a bill to abolish the Small Business Administration because it is giving "nothing but lip service" to the problems of the small businessman.

The veteran Congressman was here for a two-day investigation of a recent milk price war among Dallas dairies.

"Situations like the Dallas milk war have been brought on by the administration which more and more favors big business against little business," Patman said.

"There is a pattern of this sort of thing all over the country," Patman, chairman of the House Committee on the problems of small business, said such situations were "hurting consumers and business — particularly little business. A little business is getting nothing but lip service from Washington."

He said he would begin drafting the necessary legislation this week and would seek to have the SBA replaced by "an agency that is interested in little business" problems.

## Three Wrecks in City Over the Weekend

Three weekend accidents were reported by Hope City Police. Friday autos driven by George E. Beatty of Emmet and W. W. White of Hope collided on East Third.

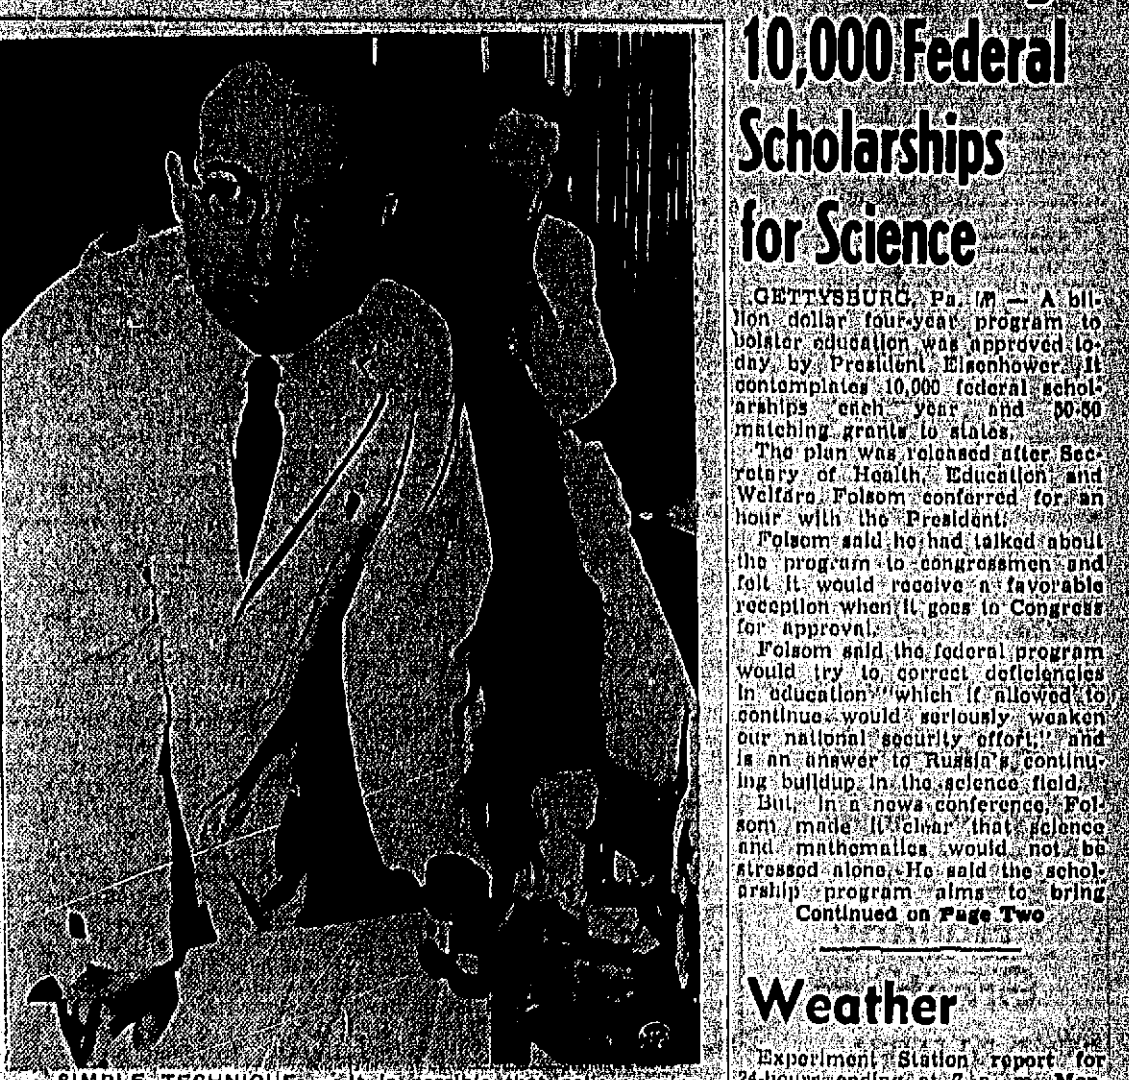

Mr. Beatty suffered a cut on his chin which required five stitches. Mr. White was unhurt.

Both vehicles were heavily damaged. Officers said, "White was charged with failure to yield the right-of-way."

Saturday on Division minor damage resulted when autos driven by Joe Booker and Jim Witherspoon collided. City officers charged Witherspoon with failure to yield the right-of-way.

At 19th and Main Saturday vehicles driven by Theo Pormby and Nealy Coleman collided with fender and grill damage resulting. Coleman was charged with failure to yield the right-of-way. City Police said.

# \$1 Billion, Four Year Educational Program Gets President's Okay

**10,000 Federal Scholarships for Science**

GETTYSBURG, Pa. (AP)—A billion dollar, four-year program to bolster education was approved today by President Eisenhower. It contemplates 10,000 federal scholarships each year and 50,000 matching grants to states.

The plan was released after Secretary of Health, Education and Welfare Folsom conferred for an hour with the President.

Folsom said he had talked about the program to congressmen and felt it would receive a favorable reception when it goes to Congress for approval.

Folsom said the federal program would try to correct deficiencies in education "which if allowed to continue would seriously weaken our national security effort," and is an answer to Russia's continuing buildup in the science field.

But in a news conference, Folsom made it clear that science and mathematics would not be stressed alone. He said the scholarship program aims to bring

## Union, Truck Line Owners in Agreement

CHICAGO (AP)—Teamster Union leaders and negotiators for trucking operators in 12 Central States disclosed yesterday they had reached a tentative agreement on new wage increases and other benefits.

The agreement must be approved by union members and employers. Details were not announced.

James Hoffa, Teamster president-elect and head of the union's Central State's council, said the union got substantially what it asked for—a package increase of 42 cents an hour.

However, an employer negotiator, Barney Cushman of Chicago, said increases "won't reach that proportion."

Results of the negotiations will affect some 66,000 cartage and intercity drivers in the Central States. They also are expected to set the pattern for about 500,000 other members of the giant union.

Hoffa said representatives of about 100 locals will meet Jan. 9 in Chicago to hear the proposed agreement.

Current base pay for drivers involved is \$2.27 an hour.

The weekend negotiations were opened under a provision of a contract signed in 1955 providing for new talks on wage and benefits.

## Propaganda Schemed by Afro-Asians

By ANTOINE YARED

CAIRO (AP)—The political committee of the African-African conference, bogged down today on the wording of a draft resolution demanding Red China's admission to the United Nations.

The resolution drawn up by the conference's committee on imperialism demanded a "rightful place" in the United Nations for Red China and said no important international problems can be worked out without its active participation.

A reliable source could not say what wording brought about the disagreement.

While most of the 500 delegates to the unofficial conference went sightseeing this morning, various committees worked on a list of propaganda resolutions following a broad Soviet line.

Subjects ranged from nationalization to nuclear weapons.

This afternoon's plenary session promised another round of anti-Western speeches by spokesmen for the 400 delegates from 42 nations and colonies. None represents his government officially, and many come from leftist groups either frowned on or outlawed at home.

The question of nationalization first arose during the conference Friday in a speech by the Soviet

## All Around Town

By The Star Staff

The Youth Center Christmas dance, followed by another dance Saturday night, drew a total of 650 youths. . . . Friday night's dance was by far the most successful the Center has had in some time. . . . kids turned up from all over the area and the Youth Council, highly praised the attendance and conduct of everyone. Recreational Director Charles Gough said.

Charles Reynerson says the sale of city auto license plates will not start until January 6, due to a factory breakdown.

Practically everything in the city will close up again Wednesday, New Year's Day. . . . however, the Star will publish as usual but will go to press at approximately 12 noon. . . . the Post Office will be closed with no delivery or window services. . . . mail will be placed in boxes as usual and stamps are available from the lobby machine. . . . the Draft Board office will also be closed.

A deer hide and head was reportedly found near the Basket plant this morning. . . . naturally Wardens Lester Wade and Dale Bonds are investigating.

The Hope Junior Basketball team will practice at 1 p. m. Tuesday in Jones Field House, according to Coach John Pierce.

Arkansas' Gerald Nesbitt kinda showed up the all-Americans in the Shrine game Saturday and was voted the outstanding player. . . . another big football day is coming up Wednesday with the bowl games. . . . some TV stations will carry as many as three games which is certainly a big football dose for one day.

## A Hollywood Preview at the Saenger

Harry Seaman, manager of the Saenger theatre, announces that special arrangements have been made with MGM Studios for a preview showing of their picture "Don't Go Near The Water" which is predicted by the critics to be the outstanding comedy of 1958 and possibly the best in the last 10 years.

The picture is only being previewed at this time and will open in key cities later in January. "Don't Go Near The Water" is based on William Bickley's best-selling novel, "an irreverent comedy about Navy life." The hilarious story was filmed in Cinemascope and color by Producer Lawrence Weingarten and Director Charles Walters with an impressive cast headed by Glenn Ford and co-starring Gail Seal, Earl Holliman, Anne Francis, Keenan Wynn, Fred Clark, Eva Gabor, Russ Tamblyn and Jeff Richards. With Mickey Shaughnessy, comedy fluff of the year also adding to the laughs.

"Don't Go Near The Water" tells the story of the members of a U. S. Navy public relations section based on a beautiful tropical island, called Tulara, during World War II. The island is a stepping-off place for junketing congressmen, temperamental correspondents and assorted VIPs. The p.r.

## Slow Moving Cold Wave Is Spreading

By THE ASSOCIATED PRESS

The winter season's coldest weather held a firm grip on northern Midwest areas today as a slow-moving mass of Arctic air headed into the Mid-continent. Midwinter temperatures were reported in sections of Minnesota, Wisconsin and the Dakotas. But the full effect of the cold snap was not felt in all other North Central States.

The icy air has been in south central Canada for more than 36 hours and has moved slowly southward. Temperatures near the Minnesota 18 to 22 degrees below zero. The nation's coldest spot this morning was International Falls, Minn., on the Canadian border, with a teeth-chattering 19 below zero. Heavy snow fell in some Midwest areas.

Some of the cold air seeped into Iowa, extreme northern Missouri and southeastern Nebraska and temperatures were 10 to 20 below. The 13 above reading at Des Moines compared with 34 yesterday morning.

The icy air was expected to spread across the Central Plains, most of the mid-Mississippi Valley and the Great Lakes region. Not much relief from the cold was in prospect in the Dakotas and in the Upper Mississippi Valley.

It also was colder along the Atlantic seaboard with temperatures generally 0 to 15 degrees lower than yesterday morning. Clear skies accompanied the cool weather. Skies also were clear throughout the Gulf states and Texas.

Considerable cloudiness was reported from the Rockies to the Pacific Coast. Snow flurries fell in the central Rockies and in the northern and central Plateau region. The rainy weather of the past week was expected to continue in the Pacific Northwest.

Heavy snow yesterday was in progress in the night near Lake Michigan, with snow flurries in the Dakotas. Snow flurries were in prospect during the day in the cold air over much of the Great Lakes region, parts of the Mississippi

## Michigan Man Is Declared Murdered

LITTLE ROCK (AP)—The body of a Michigan man was found in woods near here yesterday, and police said the victim apparently was murdered.

Sheriff Tom Guley said Otto Schroeder, about 35, of Hale, Mich., probably was robbed and strangled.

There were indications of a struggle, Guley said, and residents of the area reported hearing shouts of a man Friday afternoon. Police said Schroeder was last seen in a North Little Rock cafe Friday morning.

He was jailed in North Little Rock Thursday on a charge of drunkenness, Guley said, and at that time was found to have \$310 sewed in his underwear. Schroeder was released the next day.

Attempts to contact Schroeder's relatives have been unsuccessful, the sheriff said.

Guley said John Von Patton, postmaster at Hale, told him Schroeder lived there in the summer and generally traveled south in the winter.

## Gunman in Slaying Is Killed in Crash

WRENS, Ga. (AP)—A diabetic gunman wanted for the slaying of two men and the maiming of a third—a blind piano player—in a Washington, D. C., bar, died in the flaming crash of a stolen auto last night.

He was Henry Clay Overton, 44, of Martinsville, Va., one of two men sought intensively throughout the southeast for the pistol and shotgun blasting of the bar early Friday.

Officers first thought the second wanted man, Russell Wayne Carpenter, 21, of Washington, might have been with Overton. But they concluded that the two must have separated somewhere between here and Jacksonville, Fla., where they were reported seen together.

Overton, chased by state troopers at speeds up to 110 miles an hour, swerved and crashed head-on into another machine on U.S. 1 just north of this east-central Georgia town.

The driver of the second car, Charlie Wray of Cocoa, Fla., and High Point, N. C., also was killed. He was traveling south.

Officers first thought the second wanted man, Russell Wayne Carpenter, 21, of Washington, might have been with Overton. But they concluded that the two must have separated somewhere between here and Jacksonville, Fla., where they were reported seen together.

## Prescott News

Ed Bryson Entertains—Ed Bryson entertained a few of his friends at his home on Christmas eve. The Bryson home was beautiful with its yuletide decorations. In the entrance hall a Christmas tree scene was placed on a table. On the fireplace mantel was a large red candle tied with a red bow and Christmas balls. Above the mantel was a large velvet poinsettia. Arrangements of candles and holly was placed at other points of vantage.

Mrs. Bryson presided at the refreshment table spread with a Christmas cloth centered with a large silver wreath interspersed with silver and blue ornaments and silver candles.

Guests included Jim McKenzie and Betty Ligon, Johnny Langley and Virginia Ann Hays, Martin Gilbert and Connie Harvey, Jim Worthington and Mary Louise Shope and Marion Cabb of Gurnee.

Mr. and Mrs. Archie Johnson have had as their guests Mr. and Mrs. Paul Buchanan of Magnolia, Mr. and Mrs. William Johnson of Malvern, Mr. and Mrs. Lawrence Cobb and son Bill and Mrs. C. G. Gordon Jr. of Little Rock.

Mr. and Mrs. R. P. Hamby were the Wednesday guests of Dr. and Mrs. D. Royston of Hope. Miss Mattie Royston and Mrs. J. J. Battle of Fulton were also guests in the Royston home.

Mr. and Mrs. C. C. Mitchell had their Christmas day guests Miss Mary Atkinson, Miss Mattie Atkinson of Bodeaw and Miss Mary Ann Mitchell of Little Rock.

Mr. and Mrs. Sammy Beard Jr. and children of Dallas, Texas have been the guests of Mr. and Mrs. H. H. McKenzie.

Mr. and Mrs. Gordon Danner had as their Christmas day guests Mr. and Mrs. Bill Danner and Karen, Joe Don Danner of Kadelonia and Mr. and Mrs. Paul Ray Hattie of Garland, Texas.

Rev. and Mrs. Alfred DeBlack and Tommy were the guests last week of Mr. and Mrs. Marion DeBlack of Little Rock and Mr. and Mrs. R. I. DePriest of London.

Mrs. Ira Ward of Little Rock spent Christmas day with her daughter, Mrs. Earl King Jr., and family.

Mr. and Mrs. Floyd Hubbard

ROLLING SAUCER—A "flat" spare tire is the latest innovation to ease the problems of motorists. Now being tested by the Firestone Tire and Rubber Company, the "Perma Spare" is a size, apparent at left, leaves more room in the trunk of the car. Its great advantage is that it can be mounted directly over a flat tire, right, enabling the motorist to travel 100 miles at speeds up to 45 miles an hour.

## 10,000 Federal

thousands more students into colleges.

The program calls for Appropriation of 225 million dollars in the first year with a four-year total of one billion dollars. Of this sum, about 800 million dollars is estimated as part of the 60-60 matching grants-in-aid program for the states.

## West Berlin Won't Bow to Restrictions

By REINHOLD ENSZ

BERLIN (AP)—The Soviet Union today opened a loophole for Western diplomats in the new travel restrictions requiring East German visas for civilians traveling to and from isolated West Berlin.

An announcement yesterday by the German puppet regime said that beginning Jan. 1 civilian travelers must have East German instead of Soviet visas to enter the Russian satellite.

The rule threatened to touch off a crisis in Russian relations with the United States, Britain, and France which refuse to have diplomatic relations with the East German government on the ground it was never elected.

A Russian spokesman said today, however, the visa requirement would not apply to diplomatic missions in West Berlin who wished to travel on the main highway and rail link to West Germany.

The spokesman added that diplomats and other Allied civilians not attached to the West Berlin military commands will have to obtain visas from the East Germans.

Western diplomats assigned to Berlin contend they and their dependents are attached to West Berlin's military commands and are entitled to the same exemptions as the Allied military.

Western diplomats regard the new travel curbs as another step in Russia's program to force recognition of the East German puppet regime.

Without a loophole, the new regulations would force Western government officials entering West Berlin to seek East German visas unless they came by air. Air travel is not subject to Communist checks.

"We have no intention of applying to the East Germans for visas," commented a U.S. mission spokesman. Similar reaction came from the French and British.

The Allies planned to protest the Russians.

## Negro Woman Shot to Death in L. R.

LITTLE ROCK (AP)—The body of a 30-year-old Negro woman was shot and killed today in her home on South Main Street here.

Coroner Howard A. Dishongh identified her as Mrs. Laura A. Byrd, a divorcee who lived alone. He said the woman had been murdered.

Dr. Dishongh said that a side window in the house had been broken. He speculated that the slayer may have gained entrance through the window.

Saturday and Sunday newspapers were found on the woman's front porch, indicating she may have died two, or possibly three days ago.

## Policeman Gets \$800 in Mail

YPSILANTI, Mich. (AP)—Police Chief Emil Sustaraka said today his weekend mail included an envelope with \$800 in cash but no letter.

Enclosed with the money, he said, was an Ypsilanti press clipping about a burglary of the Ypsilanti home of Edward Miller on Dec. 22, when \$800 was taken.

The newspaper story mentioned the home was burglarized while Miller was en route to a hospital with his wife, who was to undergo an operation.

More than 100 chemicals are produced in Michigan.

## U. S. Rice Supply Smallest in Years

WASHINGTON (AP)—The Agriculture Department said today the supply of rice in the United States for the year which began Aug. 1 is estimated at 63½ million hundredweight, the smallest in the past three years.

As a result, prices received by farmers for the 1957-58 season are expected to average about \$5 a hundredweight, or 28 cents above the announced price support rate of \$4.72.

For the 1956-57 season, the average price to farmers was \$4.94, or 28 cents above the support price of \$4.67.

At the same time, the department forecast a near record world production of 4,345,000,000 hundredweight, or one per cent below the preceding year's crop.

## New, Modern Science Policy Is Advocated

INDIANAPOLIS (AP)—A new and modernized national science policy was urged today by a federal government official.

It should be comprehensive and aimed at winning "long-term results" rather than "tomorrow's mirages," said William D. Carey, chief of the Labor and Welfare Division of the Bureau of Budget, Washington, D. C.

He cautioned against letting the government "be swept by public and political pressures into a series of piecemeal measures that are dramatic but unfruitful" in meeting problems of education and expanding basic scientific research.

Speaking at the closing sessions of the American Assn. for the Advancement of Science, Carey declared:

"We need not only better weapons and more technicians, more basic science and more serious students, but equally we need to think through a truly comprehensive public policy for the partnership of science with government."

Since Jan. 1, 1901, when the first asteroid was discovered, more than 1,000 have been catalogued on the charts of astronomers. There may be more than 30,000 of them.

Valley, the central Plains states and in northern New England.

## VENEZUELAN PETROLEUM

VENEZUELAN PETROLEUM. Venezuela exports more petroleum than any other nation. It produces 2.5 million barrels of oil a day and is second only to the United States in the volume of oil shipped.

## Grandmother of Sid McMath Dies

MAGNOLIA, Ark. (AP)—Mrs. May R. McMath, 90, grandmother of former Gov. Sid McMath, died at her home here Saturday.

Her husband, the late Sid McMath, served as Columbia County Sheriff from 1909 until 1912 when he was killed while trying to make an arrest. A native of the county, Mrs. McMath was named the "grandmother of the year" in 1953.

Survivors include three sons, four daughters and eight grandchildren in addition to the former governor.

Funeral services were scheduled for 2 p.m. today at the First Methodist Church here.

## Newsom Cited for Film Work

NEW YORK (AP)—Joanne Woodward and Andy Griffith, two screen newsomakers, have been cited for the best acting of 1957 in the annual poll conducted by the Film Daily, trade journal.

Voting was by news editors and television-radio commentators throughout the nation.

Mrs. Woodward was chosen for her performance in "Where Faces Meet," Griffith for "A Face in the Crowd."

Monday, December 30, 1957

Billye Alyce Williams Exchanges Vows With Victor Kenneth Davis  
The First Baptist Church of Hope, Arkansas, was the scene on Friday, December 27, at 8:00 o'clock in the evening of the impressive double-ring ceremony which united Miss Billye Alyce Williams, daughter of Mr. and Mrs. William Alton Williams of Hope, Arkansas, and Victor Kenneth Davis Jr., son of Mr. and Mrs. Victor Kenneth The Reverend William Otis Seal, uncle of the bride and pastor of Church of Meridian, Mississippi, performed the ceremony, assisted by Dr. John H. McClanahan, pastor of the First Baptist Church of Hope. The nuptial vows were spoken before an altar graced with garlands of Woodwinds, ferns, Southern smilax, huckleberry, cranberry, and white lilies, and a myriad pink tapers pervading the atmosphere with a soft glow. Aided by matching pink tapers and sprays of greenery.

A program of nuptial music was presented by Mrs. Hendrix Spraggins, organist, and Mrs. Ed O'Grady, soloist, both of Hope. Immediately following the lighting of the tapers by Carl Dunn Davis and Johnny Stephen Davis, brothers of the groom, both of Baytown, Texas, Mrs. O'Grady sang "I Love Thee" by Greig and "Because" by Debussy. During the exchange of vows, "Clair de Lune" by Debussy was played softly. While the young couple knelt before the altar on a white wrought iron prie dieu, cushioned in white satin, "The Lord's Prayer" by Malotte was sung.

The bride was escorted to the altar by her father, who gave her in marriage. She wore a gown of blue silk organza with a wide white decollete neckline, outlined by appliques of alencon lace, delicately traced with tiny seed pearls and iridescent paillettes, complimented by three-quarter length sleeves and crescent gloves, veiled in alencon lace, was fastened in the back with tiny, lustrous covered buttons. The flared full chapel train, her veil of imported silk illusion fell in misty tiers to her waistline from a tiara of alencon lace. She carried a cascade of phalaenopsis orchids and stephanotis. The bride's only ornaments were a single strand and for "something old," a jewel, paternal grandmother of Leicester.

The bride's attendants were Miss Jacqueline Pearl Williams, sister of the bride of Odessa, Texas, who served as maid of honor; Mrs. Lee Pickens Harrington Jr., of Waco, Texas; and Misses Mary Anna Paul Rogers of Angleton, Texas; Glenna Keith Coffey of Big Springs, Texas; Sara Sandra Robins, Gail Gordon Cook, and Juanita Faye Gilbert of Hope, Arkansas, as bridesmaids. They wore identical attire in gowns of line shaped with a cowl draped fold, complimented brief sleeves

and crescent gloves. The bridesmaids wore identical attire in gowns of line shaped with a cowl draped fold, complimented brief sleeves and crescent gloves. The bridesmaids wore identical attire in gowns of line shaped with a cowl draped fold, complimented brief sleeves and crescent gloves.

For her daughter's wedding Mrs. Williams selected a white rose-point lace dress with a corse, cummerbund trim and a scooped neckline with three-quarter push sleeves. She complimented her costume with accessories of white and coral. At her waist was pinned a white orchid. Mrs. Davis, Mother of the bride, wore a dress of light blue lace over satin with blending accessories. Mrs. George Winston Edwards, maternal grandmother of the bride of Collins, Mississippi, was attired in a purple throatie orchid and planned shoulder.

Following the ceremony, Mr. and Mrs. Williams entertained at a reception in the main dining room of the Barlow Hotel in Hope, Arkansas. Guests were greeted by Mrs. Lloyd Spencer, and Mrs. Brent B. McPherson introduced them to the members of the receiving line. Receiving with the bride and groom and their parents were Mrs. Edwards, maternal grandmother of the bride, and a cloth of pink taffeta overlaid with white nylon net covered the composition of a three-branched candelabra festooned with the bride's bouquets was the focal point.

At the end of the table was the cake topped with white wedding bells and nestled in a circle of identical bells. Presiding at the Horn of Dallas, Texas, and Mrs. Joe Amour of Hope, Pink punch end of the table was served by Mrs. William Otis Seal, aunt of the bride, of Meridian, Mississippi, and Mrs. J. C. Carlin of Hope, who in charge of the bride's hook. Other members of the bride's hook included Miss Mary Haines party Miss Ginnane Graves, Miss Polly Jo Compton, Mrs. Rufus Herndon II, Miss Emogene Fuller, Mrs. Dickie Lauterbach, Miss Mary Jo Fincher, Miss Sonya Sommerville, Miss Suzanne Sommerville, Miss Barbara Guthrie, Miss Billie Dawn Franks, Miss Gwendolyn Dean, Mrs. E. M. McWilliams, Mrs. Franklin Horton, Mrs. Charles Ruy, Mrs. Dorsey McRae Sr., and Mrs. Harry Shiver. During the reception hour Mrs. Spraggins, musical selections. As the guests departed from the reception, petite rice bags were distributed by Miss Anna Elizabeth Seal, cousin of the bride, of Meridian, Mississippi, and Miss Mary Lou Parks of Hope.

Later in the evening the bridal couple departed for a short wedding trip. For traveling, Mrs. Davis chose a light blue brushed wool suit with black accessories. The orchids from her bridal bouquet fashioned her shoulder corsage. Upon their return Mr. and Mrs. Davis will establish their home in Waco, Texas, where they are students at Baylor University.

## Eight Persons

Continued From Page One

At Blytheville, a deputy prosecutor Todd Harrison said he was planning to file first degree murder charges against Mrs. Viola Howard, 44, in connection with the death of her husband Frank, 45.

Howard was shot and killed Thursday at his home five miles northwest of Blytheville. Sheriff William Berryman quoted Mrs. Howard as saying that she was afraid of her husband.

There were three shootings termed accidental during the week, including that of Robert L. Lewis, 17-year-old son of Mr. and Mrs. George Lewis of La Grange, Lee County. Coroner William C. Hays Jr. said young Lewis, hunting with two teen-aged cousins, was killed when his shotgun fired while he was attempting to free his dog from a wire fence.

Dr. Orange King Judd, 84-year-old Little Rock physician, was accidentally hanged at his home Saturday. His body was found dangling from the entrance to his garage, his neck caught between an overhead awning door and the door facing.

Dr. L. Gordon Holt, deputy coroner, said Dr. Judd apparently was trying to repair an electric eye switch on the door when he accidentally set the door in motion.

Accidental death was ruled in the drowning of Susan Ann Lovell, a 2-year-old Negro girl who fell head first into a water-filled metal container used to carry wash water. The accident occurred at her farm home one mile west of Strong.

## AF Has Revised Plan for Use of War Missile

BY ELTON C. FAY

WASHINGTON (AP) — The Air Force's constantly revised strategic plans now include detailed arrangements on how and where intermediate range ballistic missiles would be used in event of war.

The operational plans for both long-range, air-breathing guided missiles and intermediate range ballistic missiles are understood to have been completed and incorporated in the overall wartime months ago.

This was done even though the IRBM weapons may not become a part of the available arsenal for another year.

The Air Force maintains three basic strategic blueprints which cover periods ranging from the next 60 days to as much as 13 years. They are the short-range "warlike capabilities plan"; the "mid-range warlike plan"; the "long-range warlike plan"; and the "long-range warlike objectives plan."

The air-breathing Snark guided missile, with a range of 5,000 miles, is now considered operational by the Air Force and is being organized. While the Snark has the range of the still-developmental intercontinental ballistic missile, its speed is below that of sound and its operating altitude down in the earth's atmosphere.

The Air Force expects the first deliveries of the Thor IRBM—with a maximum accurate range of 1,500 miles—to be made late in 1958. But as part of the forward planning, details for the operational use and command structure of IRBM squadrons have been put into the war plans folio.

Presumably these details include not only the proposed bases from which IRBMs would be launched (depending on the outcome of negotiations with the

## Births

Mr. and Mrs. W. C. Owen of Magnolia, Ark., announce the arrival of a daughter, Patricia Ann, born Dec. 10, 1957. The maternal grandparents are Mr. and Mrs. Tom Rexroat of Hope and the paternal grandparents are Mr. and Mrs. W. W. Owen of Magnolia.

## Hospital Notes

Memorial Admitted: Margaret Ann Archer, Hope; Jerri Marie Cleaver, Hope; Mrs. Viola Hulse, Washington; J. K. Greene, Hope; Esther Hicks, Hope; Oetha Sullivan, Fulton; Sammy Strong, Hope; Mrs. John B. Gardner Sr., Hope; Mrs. Ben Rice, Hope; Candy Ann Harris, Hope; Marie Morrison, Hope. Discharged: Mrs. George Ward, Buckner; Charles Caston, Hope; Mrs. P. L. Perkins, Hope; Jesse Langston, Emmet; Mrs. Louie Hughes and baby boy, Saratoga.

Helena and Dennis Morrison of Hope, Arkansas announce the arrival of a baby boy, Dec. 30, 1957.

Branch Admitted: Mrs. S. L. Fuller, Hope; Mrs. Hiram Lemley, Hope; W. C. Dudley, Hope; Mrs. Dale Rogers, Hope; J. D. Davis, McCaskill; Mrs. Raymond Peace, Hope; Mrs. Dorothy Burdett, Hope; J. L. Piggren, Texarkana; Mrs. Charles Lively, Hope; N. C. Crews, Hope; Troy Russell, Hope. Discharged: W. T. Palmire, of Hope; Richard J. Erwin, Dallas; George Peck, Hope; Mrs. Dale

Don't Be a Stinker — Let Wife Have Her Fun

NATO nations, but a "target list" of those prepared for operation of conventional, manned bombers. The details, of course, are highly secret, but an IRBM list might include potential targets as deep as central Russia as the nuclear complex in the area of the Urals. Mountains. If launching from bases in Turkey were used, from bases in the United Kingdom, and from Europe, Moscow would be within range of IRBMs.

Because the Air Force believes that it may be many years, if at all, before the missile entirely displaces the manned bomber, strategy now is constructed around the coordinated use of both types of weapons.

Some Air Force planners have suggested that, instead of a single missile, a "simultaneous blow" against all targets on the list, a series of powerful attacks would spread out over the first several hours of a war.

Dear Dorothy Dix: The woman I married six years ago has been a fine wife and mother, but she has one fault. She loves to play bridge. Two afternoons a week she and seven other giddy dames get together for a game. I must admit, nothing in the house is neglected. Her mother baby sits, she prepares dinner in the morning and I don't come home to a "disaster" of time and energy to me.

Dear Dorothy Dix: I am very popular and attractive, but my wife, the boy I want. What should I do? DEATRICE

When to Fish or Hunt  
SOLAR TABLES  
by John Alden Knight

The schedule of Solar Periods,  
as printed below, has been taken  
from John Alden Knight's Solar  
Tables. Plan your days so that  
you will be fishing in good territory  
or hunting in good cover during  
these times. If you wish to find the  
best sport that each day has to of-  
fer.

The Major Periods are shown in  
boldface type. These begin at the  
times shown and last for an hour  
and a half or two hours thereafter.  
The Minor Periods, shown in reg-  
ular type, are of somewhat shorter  
duration.

	A. M.	Major	P. M.	Major
Day	Minor	Major	Minor	Major
Monday	12:35	6:50	1:00	7:10
Tuesday	1:25	7:40	1:55	8:00
Wednesday	2:20	8:30	2:45	8:55
Thursday	3:15	9:25	3:40	9:50
Friday	4:10	10:25	4:40	10:50
Saturday	5:10	11:25	5:40	11:50
Sunday				

## SW Conference Race Gets Down to Business

By THE ASSOCIATED PRESS  
All preliminaries are out of the  
way and Southwest Conference  
basketball teams get a good rest  
this week before plunging into the  
championship race.

They don't begin swapping field  
goals until Saturday when Texas  
Christian, winner of the annual  
pre-season tournament and holder  
of the best season record, takes  
on anemic Texas A and M at Fort  
Worth.

The Horned Frogs had to  
struggle for it but they won the  
three games necessary for the  
championship of the tournament  
by a combined total of 15 points.  
First, they downed Texas A and M  
65-54 but the going got tougher  
as they knocked over Texas Tech  
71-60, and Rice 67-55.

The journey established TCU,  
Rice, Tech, Arkansas and South-  
west Methodist as about of equal  
strength.

SMU, the defending conference  
champion, was beaten 72-70 by  
Texas Tech in the first game on  
the schedule. Then the Methodists  
walloped Texas A and M, 60-40, and  
Texas 83-75. While they lost only  
one game, the Mustangs wound  
up winner only of the consolation  
title. Texas Tech lost two but was  
fourth.

Rice whipped Baylor and Arkan-  
sas and forced TCU all the way  
before losing the final game.

Arkansas did better than any-  
body had expected as the Razor-  
backs took third place with  
triumphs over Texas and Texas  
Tech.

All eight of the conference men-  
bers will be starting the cham-  
pionship race Saturday. Southern  
Methodist meets lowly Baylor at  
Dallas, Arkansas goes to Austin  
to try to repeat its 63-67 tourna-  
ment triumph over Texas and  
Texas Tech and Rice tangle at  
Houston.

The Tech-Rice game would  
appear to be the headline since  
it sends two of the most promi-  
nent contenders against each other.  
Ronnie Stevenson, Texas Chris-  
tian's valuable forward, leads the  
season scoring with 185 points —  
14 better than Temple Tucker, the  
giant Rice center, who has 171.

The championship game is  
scheduled for 9:30. Preceding it  
will be a tussle for third and  
fourth places between Iowa State  
(5-3) and Nebraska (5-5), starting  
at 7:30.

Afternoon games in the consola-  
tion bracket will match Colorado  
(2-6) and Princeton (5-2) and Mis-  
sour (6-3) and Oklahoma (6-2) at  
4 o'clock.

Kansas, getting 27 points and 20  
rebounds from Chamberlain, de-  
feated Iowa State 55-48 in the  
semi-finals Saturday night. Iowa  
State got only limited service and  
no points from injured John Craw-  
ford, its ace scorer and rebounder.

Kansas State knocked off Nei-  
braska 68-57 with five Wildcats  
scoring in double figures. Bob  
Booger, 6-8 junior, got 18 points —  
16 of them in the second half.  
Hayden Abbott scored 15, Roy De-  
witz 14, Jack Parr 12 and Wally  
Frank 11.

In the Saturday afternoon games  
Sony Slobert and Cliff Talley  
each scored 23 points for Missouri  
against Princeton. Joe King  
scored on a rebound with eight  
seconds remaining to give Okla-  
homa a come-from-behind victory  
over Colorado.

Luke Brown and Charles Withers-  
poon of Peoria, Ill. spent the  
Christmas holidays with Mr. With-  
erspoon's mother, Mrs. Fannie  
Witherspoon of Hope.

Clyde Trotter of Little Rock,  
Jim Witherspoon and Dee Stuart  
of Columbus, were guests in the  
home of Mr. and Mrs. Sherman  
Cole of the city.

Giant long-range radar antenna, like this, must be installed at  
great expense in time and money, throughout the trans-  
Canada warning system. It is said ICBM's are to be detected.  
This radar is at the Lincoln Laboratory of the Massachusetts  
Institute of Technology at Westford, Mass.

## Matter of FACT

The first coins made in the  
United States, after the es-  
tablishment of the United  
States mint at Philadelphia in  
1792, were silver half dimes  
(later spelled dimes). Accord-  
ing to old mint tradition these  
coins were made from George  
Washington's table silver,  
brought to the mint from his  
quarters just two doors away.  
They were struck on a hand-  
operated screw press.

## Leahy Out, A&M Starts All Over

CHICAGO (U) — Frank Leahy,  
having to get back into college  
coaching but advised against such  
a move by his doctor, is now  
hoping Texas A & M will offer  
him the position of athletic di-  
rector.

The 40-year-old former Notre  
Dame head football coach Satur-  
day was forced to turn down a  
similar post at Texas A & M on  
the advice of Dr. C. J. Barborika.  
Dr. Barborika informed Leahy  
he has had a mild attack of an  
old stomach ailment which forced  
him to resign from Notre Dame  
after the 1955 season.

Since Leahy is susceptible to  
recurring attacks of gastritis and
